

PCHOA – Snow Removal

- Snow Removal Contract - Verde
- Snow removed from:
 - driveways, sidewalks, southern walkway to bike trail
 - west Ukiah corridor (allows access to mailboxes).
 - detailed instruction of removal methods,
 - re: bottom of cul-de-sac circle and homes conveyed to avoid ice buildup
- removal triggers: at least 2"+ depth or after forecast storm has ended
- anyone personally desires to apply ice melt to any hard surfaces - please purchase and apply
- Board decision – as several sidewalks and driveways were resurfaced recently, thus desire to minimize corrosion and chemical runoff to properties
- to allow for efficient snow removal please remove vehicles from driveways and street parking prior to any snow forecast for area
- questions, clarifications, needs, or concerns, please contact our PCHOA spokesperson, Joan (1645) as expression goes, “too many cooks in kitchen only causes confusion”
